In Psalm 127, Solomon uses the word “vain” three times.

As I shared in the message today, vain means empty, pointless, useless, worthless, futile.

1. What about you? Are you building and watching and even sleeping in vain?
2. Are you trying to protect yourself on your own?
3. Are you staying awake in vain?
4. Are you worrying about things in your life over which you have no control?
5. How does this Psalm speak of the sovereignty of God?
6. How are we to think about our children?
7. Based on what you learned today, what does it mean to “speak with the enemy in the gates?”
8. Do you rest in God’s sovereignty, or do you mostly depend on yourself to build your home?

A point to ponder.

The birthrate in our nation, even among Christian married couples, continues to decline.

Why do you think this is so? Do you think God is pleased?

Now, without looking at your outline, what are the 5 gifts we saw from Psalm 127 and 128?
